Mr. William O. Boswell
Chairman, NSC Special Committee for
Technical Surveillance Countermeasures
Department of State
Washington 25, D. C.

Dear Mr. Boswell:

Reference is made to your letter of 7 October 1960 to Mr. Dulles, in which you requested that the Central Intelligence Agency undertake the responsibility to assemble all pertinent information that has become available since the last report (1958) acquired on the audio-surveillance and countermeasures capabilities of foreign governments.

Reports embodying responses to the request have been prepared. In order that you may have the information in time to incorporate it in your annual report to the Council, I am transmitting two copies of the reports as of this date. Additional copies will be printed for inclusion in the basic book provided the Special Committee in 1958. The printed copies will be forwarded as soon as they become available.

Sincerely,

SENT
